Mission Statement

“The group was established to create a welcoming, all-inclusive environment in which haumāna can come together and support one another in reconnecting to our ancestry and land. This work is primarily done through hands-on community service activities.”

Intentions for This Hui

- To create a welcoming space for personal development through aloha 'āina based work for all of our members
- To cultivate a group in which we can all learn about stewardship of the land and ourselves from each other and the 'āina
- To use what we've learned and the connections we've made through this organization and transform this hui into a non-profit

A tropical landscape featuring a calm pond in the middle ground, reflecting the sky and surrounding greenery. In the foreground, there are dense, lush green plants with large leaves and some yellow flowers. The background shows a line of palm trees and other tropical vegetation, with a small house visible on the left and a hillside on the right. The sky is blue with scattered white clouds.
